for more than 20 years network world has been the premier provider of information intelligence and insight for network and it executives responsible for the digital nervous systems of large organizations readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce

we have to improve the strength of chemotherapeutic drugs in cancer treatments on the other hand these agents have many serious side effects although there has been no diet for the patients with cancer media and authorities still continue to define a clich nutrition program consisting of green leafy vegetables fish meat fruits and olive oil this clich nutrition may help to protect the healthy consumers against cancer but the nutrition program or diet changes when it comes to the consumers with cancer such a nutrition program can only be designed by evaluating and analyzing the antagonisms and synergisms of the anticancer drug

administered and the active food compounds in each food only after these detailed evaluations could a nutrition program which is specific for only the administered anticancer drug can be designed the book which addressed more than three thousand studies in cancer nutrition and screened from science direct crossref google and pubmed databases is a first step to meet this important demand of oncologists nurses dietitians food scientists and patients with cancer while it is the most detailed review in cancer nutrition currently

during 2009 the giza plateau mapping project carried out excavations at two sites as part of its ongoing research program 1 the settlement connected to the khentkawes monument on the giza plateau and 2 the nearby town heit el ghurab aka lost city of the pyramids the 2009 work yielded some important discoveries such as evidence that the 4th dynasty khentkawes town was in fact occupied into the 5th dynasty with reoccupation later probably in the 6th dynasty the major discovery was the remains of a previously unknown valley complex off the east end of the khentkawes town made up of corridors ramps and stairs descending into a depression that may prove to be a harbor this collection of papers by archaeologists and specialists details the results of the excavations and additional work carried out in 2009 the book is well illustrated with abundant maps and photographs along with large foldout maps and isometric drawings
